International Travelers

International travelers should check to ensure that their passports and visas are current. Detailed information is available on the U.S. State Department site at <http://www.state.gov/travelandbusiness/>.

Another useful site is the U.S. Customs and Border Patrol site at <http://www.cbp.gov/>.

All visa applicants are advised to apply for their visa as soon as travel to the United States is contemplated, and not later than three to four months in advance. This means that international attendees should **begin the visa process during October-November for the Spring Meeting.**

International travelers should check their visa requirements with their local embassy or consulate. We are unable to send out letters supporting visa applications prior to processing the registration.
