ABA Privacy and Information Protection Committee

Minutes of January 30, 2018 Meeting

The meeting convened by telephone at 4:30pm eastern time.

**Introduction and Roll Call**
Participants introduced themselves and briefly discussed current committee roles and the interest of new members in participating.

**Website updates**
There are several items that need to be added to or updated on the committee website.
- List of relevant ABA Policies compiled by Paula and her staff
- Link to video from November committee program
- New module for event listings

**Programs**
Alan is planning to do a review panel following the Supreme Court term to discuss the major privacy cases this year “Towards a Digital Fourth Amendment.” This program will follow the same basic structure as the Carpenter v. US event last November.

We also discussed the possibility of rapid response panels as well as teleconferences on privacy issues related to both border searches and use of data for immigration enforcement. Alan is currently serving as a liaison to the new ABA Task Force on Border Searches of Electronic Devices. The Task Force is in the process of preparing a white paper and other educational materials on the issue.

Other possible teleconference topics include updates on the state of the Federal Trade Commission, Drone Regulation and Privacy, Rollout of the General Data Protection Regulation, and the Privacy Implications of Autonomous Vehicles.

**Communications**
Gene is responsible for updating the committee newsletter, which we hope to begin circulating regularly for the rest of 2018. Listserv recipients are encouraged to contribute to the newsletter and the website by sending links and content to Gene at h.eugene.cho (at) gmail (dot) com.

Social Media. Paula will tweet Committee announcements and can retweet articles and other content of interest to the Committee’s constituency. Send to Paula.Shapiro (at) americanbar (dot) org.

**Committee Meetings**
Future committee meetings will be held via teleconference on the last Tuesday of each month at 4:30pm. Hopefully this schedule will allow more committee members to participate.
Next Meeting
The next Committee meeting will be held on February 27th at 4:30pm eastern time. An announcement will be sent via the Committee’s listserv.
