“(a) PLEADING REQUIREMENTS.—Except as provided in subsection (b), in a civil action in which a party asserts a claim for relief arising under any Act of Congress relating to patents, a party alleging infringement shall include in the initial complaint, counterclaim, or
cross-claim for patent infringement, unless the informa-

infringed.

“(4) For each accused instrumentality identi-

fied under paragraph (3), an identification with par-

ticularity, if known, of—

“§ 285. Fees and other expenses

“(a) AWARD.—The court shall award, to a prevailing party, reasonable fees and other expenses incurred by that party in connection with a civil action in which any party asserts a claim for relief arising under any Act of Congress relating to patents, unless the court finds that the position and conduct of the nonprevailing party or parties were reasonably justified in law and fact or that special circumstances (such as severe economic hardship to a named inventor) make an award unjust.

“(b) CERTIFICATION AND RECOVERY.—Upon motion of any party to the action, the court shall require another party to the action to certify whether or not the other party will be able to pay an award of fees and other expenses if such an award is made under subsection (a). If a nonprevailing party is unable to pay an award that is made against it under subsection (a), the court may make a party that has been joined under section 299(d) with respect to such party liable for the unsatisfied portion of the award.

“(c) COVENANT NOT TO SUE.—A party to a civil action that asserts a claim for relief arising under any Act
of Congress relating to patents against another party, and
that subsequently unilaterally extends to such other party
a covenant not to sue for infringement with respect to the
patent or patents at issue, shall be deemed to be a nonpre-
vailing party (and the other party the prevailing party)
for purposes of this section, unless the party asserting
such claim would have been entitled, at the time that such
covenant was extended, to voluntarily dismiss the action
or claim without a court order under Rule 41 of the Fed-
eral Rules of Civil Procedure.”.

(2) CONFORMING AMENDMENT AND AMEND-
MENT.—

(A) CONFORMING AMENDMENT.—The item

is amended to read as follows:
“285. Fees and other expenses.”.

(B) AMENDMENT.—Section 273 of title
35, United States Code, is amended by striking
subsections (f) and (g).

(3) EFFECTIVE DATE.—The amendments made
by this subsection shall take effect on the date of the
enactment of this Act and shall apply to any action
for which a complaint is filed on or after the first
day of the 6-month period ending on that effective
date.
(c) JOINDER OF INTERESTED PARTIES.—Section 299 of title 35, United States Code, is amended by adding at the end the following new subsection:

“(d) JOINDER OF INTERESTED PARTIES.—

“(1) JOINDER.—In a civil action arising under any Act of Congress relating to patents in which fees and other expenses have been awarded under section 285 to a prevailing party defending against an allegation of infringement of a patent claim, and in which the nonprevailing party alleging infringement is unable to pay the award of fees and other expenses, the court shall grant a motion by the prevailing party to join an interested party if such prevailing party shows that the nonprevailing party has no substantial interest in the subject matter at issue other than asserting such patent claim in litigation.

“(2) LIMITATION ON JOINDER.—

“(A) DISCRETIONARY DENIAL OF MOTION.—The court may deny a motion to join an interested party under paragraph (1) if—

“(i) the interested party is not subject to service of process; or

“(ii) joinder under paragraph (1) would deprive the court of subject matter jurisdiction or make venue improper.
“(B) REQUIRED DENIAL OF MOTION.—The court shall deny a motion to join an interested party under paragraph (1) if—

“(i) the interested party did not timely receive the notice required by paragraph (3); or

“(ii) within 30 days after receiving the notice required by paragraph (3), the interested party renounces, in writing and with notice to the court and the parties to the action, any ownership, right, or direct financial interest (as described in paragraph (4)) that the interested party has in the patent or patents at issue.

“(3) NOTICE REQUIREMENT.—An interested party may not be joined under paragraph (1) unless it has been provided actual notice, within 30 days after the date on which it has been identified in the initial disclosure provided under section 290(b), that it has been so identified and that such party may therefore be an interested party subject to joinder under this subsection. Such notice shall be provided by the party who subsequently moves to join the interested party under paragraph (1), and shall include language that—
"(A) identifies the action, the parties thereto, the patent or patents at issue, and the pleading or other paper that identified the party under section 290(b); and

"(B) informs the party that it may be joined in the action and made subject to paying an award of fees and other expenses under section 285(b) if—

"(i) fees and other expenses are awarded in the action against the party alleging infringement of the patent or patents at issue under section 285(a);

"(ii) the party alleging infringement is unable to pay the award of fees and other expenses;

"(iii) the party receiving notice under this paragraph is determined by the court to be an interested party; and

"(iv) the party receiving notice under this paragraph has not, within 30 days after receiving such notice, renounced in writing, and with notice to the court and the parties to the action, any ownership, right, or direct financial interest (as described in paragraph (4)) that the inter-
ested party has in the patent or patents at issue.

“(4) INTERESTED PARTY DEFINED.—In this subsection, the term ‘interested party’ means a person, other than the party alleging infringement, that—

“(A) is an assignee of the patent or patents at issue;

“(B) has a right, including a contingent right, to enforce or sublicense the patent or patents at issue; or

“(C) has a direct financial interest in the patent or patents at issue, including the right to any part of an award of damages or any part of licensing revenue, except that a person with a direct financial interest does not include—

“(i) an attorney or law firm providing legal representation in the civil action described in paragraph (1) if the sole basis for the financial interest of the attorney or law firm in the patent or patents at issue arises from the attorney or law firm’s receipt of compensation reasonably related to the provision of the legal representation; or
“(ii) a person whose sole financial interest in the patent or patents at issue is ownership of an equity interest in the party alleging infringement, unless such person also has the right or ability to influence, direct, or control the civil action.”.

(d) DISCOVERY LIMITS.—

(1) AMENDMENT.—Chapter 29 of title 35, United States Code, is amended by adding at the end the following new section:

“§299A. Discovery in patent infringement action

“(a) DISCOVERY IN PATENT INFRINGEMENT ACTION.—Except as provided in subsections (b) and (c), in a civil action arising under any Act of Congress relating to patents, if the court determines that a ruling relating to the construction of terms used in a patent claim asserted in the complaint is required, discovery shall be limited, until such ruling is issued, to information necessary for the court to determine the meaning of the terms used in the patent claim, including any interpretation of those terms used to support the claim of infringement.

“(b) DISCRETION TO EXPAND SCOPE OF DISCOVERY.—

“(1) TIMELY RESOLUTION OF ACTIONS.—In the case of an action under any provision of Federal law
(including an action that includes a claim for relief arising under section 271(e)), for which resolution within a specified period of time of a civil action arising under any Act of Congress relating to patents will necessarily affect the rights of a party with respect to the patent, the court shall permit discovery, in addition to the discovery authorized under subsection (a), before the ruling described in subsection (a) is issued as necessary to ensure timely resolution of the action.

“(2) Resolution of motions.—When necessary to resolve a motion properly raised by a party before a ruling relating to the construction of terms described in subsection (a) is issued, the court may allow limited discovery in addition to the discovery authorized under subsection (a) as necessary to resolve the motion.

“(3) Special circumstances.—In special circumstances that would make denial of discovery a manifest injustice, the court may permit discovery, in addition to the discovery authorized under subsection (a), as necessary to prevent the manifest injustice.

“(4) Actions seeking relief based on competitive harm.—The limitation on discovery pro-
vided under subsection (a) shall not apply to an ac-
tion seeking a preliminary injunction to redress
harm arising from the use, sale, or offer for sale of
any allegedly infringing instrumentality that com-
petes with a product sold or offered for sale, or a
process used in manufacture, by a party alleging in-
fringement.

“(c) EXCLUSION FROM DISCOVERY LIMITATION.—
The parties may voluntarily consent to be excluded, in
whole or in part, from the limitation on discovery provided
under subsection (a) if at least one plaintiff and one de-
fendant enter into a signed stipulation, to be filed with
and signed by the court. With regard to any discovery ex-
cluded from the requirements of subsection (a) under the
signed stipulation, with respect to such parties, such dis-
covery shall proceed according to the Federal Rules of
Civil Procedure.”.

(2) CONFORMING AMENDMENT.—The table of
sections for chapter 29 of title 35, United States
Code, is amended by adding at the end the following
new item:

“299A. Discovery in patent infringement action.”.

(e) SENSE OF CONGRESS.—It is the sense of Con-
gress that it is an abuse of the patent system and against
public policy for a party to send out purposely evasive de-
mand letters to end users alleging patent infringement.
Demand letters sent should, at the least, include basic information about the patent in question, what is being infringed, and how it is being infringed. Any actions or litigation that stem from these types of purposely evasive demand letters to end users should be considered a fraudulent or deceptive practice and an exceptional circumstance when considering whether the litigation is abusive.

(f) DEMAND LETTERS.—Section 284 of title 35, United States Code, is amended—

(1) in the first undesignated paragraph, by striking “Upon finding” and inserting “(a) IN GENERAL.—Upon finding”;

(2) in the second undesignated paragraph, by striking “When the damages” and inserting “(b) ASSESSMENT BY COURT; TREBLE DAMAGES.—When the damages”;

(3) by inserting after subsection (b), as designated by paragraph (2) of this subsection, the following:

“(c) WILLFUL INFRINGEMENT.—A claimant seeking to establish willful infringement may not rely on evidence of pre-suit notification of infringement unless that notification identifies with particularity the asserted patent, identifies the product or process accused, identifies the ultimate parent entity of the claimant, and explains with
particularity, to the extent possible following a reasonable investigation or inquiry, how the product or process infringes one or more claims of the patent.”; and

(4) in the last undesignated paragraph, by striking “The court” and inserting “(d) EXPERT TESTIMONY.—The court”.

(g) EFFECTIVE DATE.—Except as otherwise provided in this section, the amendments made by this section shall take effect on the date of the enactment of this Act and shall apply to any action for which a complaint is filed on or after that date.

SEC. 4. TRANSPARENCY OF PATENT OWNERSHIP.

(a) AMENDMENTS.—Section 290 of title 35, United States Code, is amended—

(1) in the heading, by striking “suits” and inserting “suits; disclosure of interests”;

(2) by striking “The clerks” and inserting “(a) NOTICE OF PATENT SUITS.—The clerks”; and

(3) by adding at the end the following new subsections:

“(b) INITIAL DISCLOSURE.—

“(1) IN GENERAL.—Except as provided in paragraph (2), upon the filing of an initial complaint for patent infringement, the plaintiff shall disclose to the Patent and Trademark Office, the court, and
each adverse party the identity of each of the fol-
lowing:

“(A) The assignee of the patent or patents
at issue.

“(B) Any entity with a right to sublicense
or enforce the patent or patents at issue.

“(C) Any entity, other than the plaintiff,
that the plaintiff knows to have a financial in-
terest in the patent or patents at issue or the
plaintiff.

“(D) The ultimate parent entity of any as-
signee identified under subparagraph (A) and
any entity identified under subparagraph (B) or
(C).

“(2) EXEMPTION.—The requirements of para-
graph (1) shall not apply with respect to a civil ac-
tion filed under subsection (a) that includes a cause
of action described under section 271(e)(2).

“(c) DISCLOSURE COMPLIANCE.—

“(1) PUBLICLY TRADED.—For purposes of sub-
section (b)(1)(C), if the financial interest is held by
a corporation traded on a public stock exchange, an
identification of the name of the corporation and the
public exchange listing shall satisfy the disclosure re-
quirement.
“(2) NOT PUBLICLY TRADED.—For purposes of subsection (b)(1)(C), if the financial interest is not held by a publicly traded corporation, the disclosure shall satisfy the disclosure requirement if the information identifies—

“(A) in the case of a partnership, the name of the partnership and the name and correspondence address of each partner or other entity that holds more than a 5-percent share of that partnership;

“(B) in the case of a corporation, the name of the corporation, the location of incorporation, the address of the principal place of business, and the name of each officer of the corporation; and

“(C) for each individual, the name and correspondence address of that individual.

“(d) ONGOING DUTY OF DISCLOSURE TO THE PATENT AND TRADEMARK OFFICE.—

“(1) IN GENERAL.—A plaintiff required to submit information under subsection (b) or a subsequent owner of the patent or patents at issue shall, not later than 90 days after any change in the assignee of the patent or patents at issue or an entity described under subparagraph (B) or (D) of sub-
section (b)(1), submit to the Patent and Trademark Office the updated identification of such assignee or entity.

“(2) FAILURE TO COMPLY.—With respect to a patent for which the requirement of paragraph (1) has not been met—

“(A) the plaintiff or subsequent owner shall not be entitled to recover reasonable fees and other expenses under section 285 or increased damages under section 284 with respect to infringing activities taking place during any period of noncompliance with paragraph (1), unless the denial of such damages or fees would be manifestly unjust; and

“(B) the court shall award to a prevailing party accused of infringement reasonable fees and other expenses under section 285 that are incurred to discover the updated assignee or entity described under paragraph (1), unless such sanctions would be unjust.

“(e) DEFINITIONS.—In this section:

“(1) FINANCIAL INTEREST.—The term ‘financial interest’—

“(A) means—
“(i) with regard to a patent or patents, the right of a person to receive proceeds related to the assertion of the patent or patents, including a fixed or variable portion of such proceeds; and

“(ii) with regard to the plaintiff, direct or indirect ownership or control by a person of more than 5 percent of such plaintiff; and

“(B) does not mean—

“(i) ownership of shares or other interests in a mutual or common investment fund, unless the owner of such interest participates in the management of such fund; or

“(ii) the proprietary interest of a policyholder in a mutual insurance company or of a depositor in a mutual savings association, or a similar proprietary interest, unless the outcome of the proceeding could substantially affect the value of such interest.

“(2) PROCEEDING.—The term ‘proceeding’ means all stages of a civil action, including pretrial and trial proceedings and appellate review.
“(3) ULTIMATE PARENT ENTITY.—

“(A) IN GENERAL.—Except as provided in subparagraph (B), the term ‘ultimate parent entity’ has the meaning given such term in section 801.1(a)(3) of title 16, Code of Federal Regulations, or any successor regulation.

“(B) MODIFICATION OF DEFINITION.—The Director may modify the definition of ‘ultimate parent entity’ by regulation.”.

(b) TECHNICAL AND CONFORMING AMENDMENT.—

The item relating to section 290 in the table of sections for chapter 29 of title 35, United States Code, is amended to read as follows:

“290. Notice of patent suits; disclosure of interests.”.

(e) REGULATIONS.—The Director may promulgate such regulations as are necessary to establish a registration fee in an amount sufficient to recover the estimated costs of administering subsections (b) through (e) of section 290 of title 35, United States Code, as added by subsection (a), to facilitate the collection and maintenance of the information required by such subsections, and to ensure the timely disclosure of such information to the public.

(d) EFFECTIVE DATE.—The amendments made by this section shall take effect upon the expiration of the 6-month period beginning on the date of the enactment
of this Act and shall apply to any action for which a com-
plaint is filed on or after such effective date.

SEC. 5. CUSTOMER-SUIT EXCEPTION.

(a) AMENDMENT.—Section 296 of title 35, United
States Code, is amended to read as follows:

“§ 296. Stay of action against customer

“(a) STAY OF ACTION AGAINST CUSTOMER.—Except
as provided in subsection (d), in any civil action arising
under any Act of Congress relating to patents, the court
shall grant a motion to stay at least the portion of the
action against a covered customer related to infringement
of a patent involving a covered product or process if the
following requirements are met:

“(1) The covered manufacturer and the covered
customer consent in writing to the stay.

“(2) The covered manufacturer is a party to
the action or to a separate action involving the same
patent or patents related to the same covered prod-
uct or process.

“(3) The covered customer agrees to be bound
by any issues that the covered customer has in com-
mon with the covered manufacturer and are finally
decided as to the covered manufacturer in an action
described in paragraph (2).
“(4) The motion is filed after the first pleading in the action but not later than the later of—

“(A) the 120th day after the date on which the first pleading in the action is served that specifically identifies the covered product or process as a basis for the covered customer’s alleged infringement of the patent and that specifically identifies how the covered product or process is alleged to infringe the patent; or

“(B) the date on which the first scheduling order in the case is entered.

“(b) APPLICABILITY OF STAY.—A stay issued under subsection (a) shall apply only to the patents, products, systems, or components accused of infringement in the action.

“(e) LIFT OF STAY.—

“(1) IN GENERAL.—A stay entered under this section may be lifted upon grant of a motion based on a showing that—

“(A) the action involving the covered manufacturer will not resolve a major issue in suit against the covered customer; or

“(B) the stay unreasonably prejudices and would be manifestly unjust to the party seeking to lift the stay.
“(2) SEPARATE MANUFACTURER ACTION INVOLVED.—In the case of a stay entered based on the participation of the covered manufacturer in a separate action involving the same patent or patents related to the same covered product or process, a motion under this subsection may only be made if the court in such separate action determines the showing required under paragraph (1) has been met.

“(d) EXEMPTION.—This section shall not apply to an action that includes a cause of action described under section 271(e)(2).

“(e) CONSENT JUDGMENT.—If, following the grant of a motion to stay under this section, the covered manufacturer seeks or consents to entry of a consent judgment relating to one or more of the common issues that gave rise to the stay, or declines to prosecute through appeal a final decision as to one or more of the common issues that gave rise to the stay, the court may, upon grant of a motion, determine that such consent judgment or unappealed final decision shall not be binding on the covered customer with respect to one or more of such common issues based on a showing that such an outcome would unreasonably prejudice and be manifestly unjust to the covered customer in light of the circumstances of the case.
“(f) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to limit the ability of a court to grant any stay, expand any stay granted under this section, or grant any motion to intervene, if otherwise permitted by law.

“(g) DEFINITIONS.—In this section:

“(1) COVERED CUSTOMER.—The term ‘covered customer’ means a party accused of infringing a patent or patents in dispute based on a covered product or process.

“(2) COVERED MANUFACTURER.—The term ‘covered manufacturer’ means a person that manufactures or supplies, or causes the manufacture or supply of, a covered product or process or a relevant part thereof.

“(3) COVERED PRODUCT OR PROCESS.—The term ‘covered product or process’ means a product, process, system, service, component, material, or apparatus, or relevant part thereof, that—

“(A) is alleged to infringe the patent or patents in dispute; or

“(B) implements a process alleged to infringe the patent or patents in dispute.”.

(b) CONFORMING AMENDMENT.—The table of sections for chapter 29 of title 35, United States Code, is
amended by striking the item relating to section 296 and
inserting the following:

“296. Stay of action against customer.”.

(c) **Effective Date.**—The amendments made by
this section shall take effect on the date of the enactment
of this Act and shall apply to any action for which a com-
plaint is filed on or after the first day of the 30-day period
that ends on that date.

**SEC. 6. PROCEDURES AND PRACTICES TO IMPLEMENT REC-
OMMENDATIONS OF THE JUDICIAL CON-
FERENCE.**

(a) **Judicial Conference Rules and Procedures on Discovery Burdens and Costs.**—

(1) **Rules and Procedures.**—The Judicial
Conference of the United States, using existing re-
sources, shall develop rules and procedures to imple-
ment the issues and proposals described in para-
graph (2) to address the asymmetries in discovery
burdens and costs in any civil action arising under
any Act of Congress relating to patents. Such rules
and procedures shall include how and when payment
for document discovery in addition to the discovery
of core documentary evidence is to occur, and what
information must be presented to demonstrate finan-
cial capacity before permitting document discovery
in addition to the discovery of core documentary evidence.

(2) RULES AND PROCEDURES TO BE CONSIDERED.—The rules and procedures required under paragraph (1) should address each of the following issues and proposals:

(A) DISCOVERY OF CORE DOCUMENTARY EVIDENCE.—Whether and to what extent each party to the action is entitled to receive core documentary evidence and shall be responsible for the costs of producing core documentary evidence within the possession or control of each such party, and whether and to what extent each party to the action may seek non-documentary discovery as otherwise provided in the Federal Rules of Civil Procedure.

(B) ELECTRONIC COMMUNICATION.—If the parties determine that the discovery of electronic communication is appropriate, whether such discovery shall occur after the parties have exchanged initial disclosures and core documentary evidence and whether such discovery shall be in accordance with the following:

(i) Any request for the production of electronic communication shall be specific
and may not be a general request for the
production of information relating to a
product or business.

(ii) Each request shall identify the
custodian of the information requested, the
search terms, and a time frame. The par-
ties shall cooperate to identify the proper
custodians, the proper search terms, and
the proper time frame.

(iii) A party may not submit produc-
tion requests to more than 5 custodians,
unless the parties jointly agree to modify
the number of production requests without
leave of the court.

(iv) The court may consider contested
requests for up to 5 additional custodians
per producing party, upon a showing of a
distinct need based on the size, complexity,
and issues of the case.

(v) If a party requests the discovery
of electronic communication for additional
custodians beyond the limits agreed to by
the parties or granted by the court, the re-
questing party shall bear all reasonable
costs caused by such additional discovery.
(C) ADDITIONAL DOCUMENT DISCOVERY.—

Whether the following should apply:

(i) IN GENERAL.—Each party to the action may seek any additional document discovery otherwise permitted under the Federal Rules of Civil Procedure, if such party bears the reasonable costs, including reasonable attorney’s fees, of the additional document discovery.

(ii) REQUIREMENTS FOR ADDITIONAL DOCUMENT DISCOVERY.—Unless the parties mutually agree otherwise, no party may be permitted additional document discovery unless such a party posts a bond, or provides other security, in an amount sufficient to cover the expected costs of such additional document discovery, or makes a showing to the court that such party has the financial capacity to pay the costs of such additional document discovery.

(iii) LIMITS ON ADDITIONAL DOCUMENT DISCOVERY.—A court, upon motion, may determine that a request for additional document discovery is excessive, irrelevant, or otherwise abusive and may set
limits on such additional document discovery.

(iv) Good cause modification.—A court, upon motion and for good cause shown, may modify the requirements of subparagraphs (A) and (B) and any definition under paragraph (3). Not later than 30 days after the pretrial conference under Rule 16 of the Federal Rules of Civil Procedure, the parties shall jointly submit any proposed modifications of the requirements of subparagraphs (A) and (B) and any definition under paragraph (3), unless the parties do not agree, in which case each party shall submit any proposed modification of such party and a summary of the disagreement over the modification.

(v) Computer code.—A court, upon motion and for good cause shown, may determine that computer code should be included in the discovery of core documentary evidence. The discovery of computer code shall occur after the parties have exchanged initial disclosures and other core documentary evidence.
(D) Discovery sequence and scope.—

Whether the parties shall discuss and address in the written report filed pursuant to Rule 26(f) of the Federal Rules of Civil Procedure the views and proposals of each party on the following:

(i) When the discovery of core documentary evidence should be completed.

(ii) Whether additional document discovery will be sought under subparagraph (C).

(iii) Any issues about infringement, invalidity, or damages that, if resolved before the additional discovery described in subparagraph (C) commences, might simplify or streamline the case, including the identification of any terms or phrases relating to any patent claim at issue to be construed by the court and whether the early construction of any of those terms or phrases would be helpful.

(3) Definitions.—In this subsection:

(A) Core documentary evidence.—The term “core documentary evidence”—

(i) includes—
(I) documents relating to the conception of, reduction to practice of, and application for, the patent or patents at issue;

(II) documents sufficient to show the technical operation of the product or process identified in the complaint as infringing the patent or patents at issue;

(III) documents relating to potentially invalidating prior art;

(IV) documents relating to any licensing of, or other transfer of rights to, the patent or patents at issue before the date on which the complaint is filed;

(V) documents sufficient to show profit attributable to the claimed invention of the patent or patents at issue;

(VI) documents relating to any knowledge by the accused infringer of the patent or patents at issue before the date on which the complaint is filed;
(VII) documents relating to any knowledge by the patentee of infringement of the patent or patents at issue before the date on which the complaint is filed;

(VIII) documents relating to any licensing term or pricing commitment to which the patent or patents may be subject through any agency or standard-setting body; and

(IX) documents sufficient to show any marking or other notice provided of the patent or patents at issue; and

(ii) does not include computer code, except as specified in paragraph (2)(C)(v).

(B) Electronic communication.—The term “electronic communication” means any form of electronic communication, including email, text message, or instant message.

(4) Implementation by the district courts.—Not later than 6 months after the date on which the Judicial Conference has developed the rules and procedures required by this subsection, each United States district court and the United
States Court of Federal Claims shall revise the applicable local rules for such court to implement such rules and procedures.

(5) AUTHORITY FOR JUDICIAL CONFERENCE TO REVIEW AND MODIFY.—
