

***Attention Solo and Small Firm Practice Owners ...***

# **“Discover a Brand New Business Model! I’m Going To Show You How to Build a Money-Making Dream Law Business That Clients Love While You Work Half The Time.”**

Hi, I’m **Alexis Martin Neely** and during my fast paced presentation at the ABA conference on August 1st from 3:45—5:15, I’ll guide you through my experience of leaving the big law firm life and starting my own firm with limited financial resources.

I’ll share with you the trials, tribulations and rewards of growing my practice from scratch into a **million dollar a year law business** in just three years and how every solo and small firm & family law practitioner can follow my **proven blueprint for success** that I’ve taught to over 150 other lawyers.

*Here’s a sample of what you’ll discover...*

- How to **escape the outdated business model** that is making you work far too much, keeping far too little and starting every month at \$0!
- The **six systems EVERY lawyer needs** to succeed on a massive level...If you’re missing just one of these systems your business is built on sand!
- How to **turn your clients into raving fans** who refer ALL their friends and family!
- How to **engage 97.5% of the people who come into your office** for an initial consultation!

Attend this presentation and be ready to transform your business and become the lawyer you've always wanted to be. See you there!

PLUS, everyone in attendance will receive a free audio CD of one of my best presentations on magnetically attracting ideal clients who will happily pay your fees.

**August 1 2009 3:45 pm - 5:15 pm**
