

Toby Brown

Toby is the President of Roberts Brown LLC. Roberts Brown provides strategic technology and marketing consulting services. Previously he served as VP of Business Development and Sales for Case Data Corp (www.casedata.com). Case Data provides litigation technology solutions, including scanning, coding and database hosting. Toby is also a Technology Consultant to the Utah State Bar (www.utahbar.org), the Maine State Bar, the Massachusetts Bar, the New Hampshire Bar and the Rhode Island Bar. In this role he secures strategic technology partners and provides education and technical consulting to each Bar and their members.

Separately, Toby has served on the Utah Electronic Commerce Council, the policy instrument for Utah's on-line government portal www.utah.gov. Toby also served on the Steering Committee for the OASIS LegalXML group, www.legalxml.org. LegalXML is working to develop international standards for XML documents involved on court filings and other legal applications. Additionally, Toby serves on a variety of national standards boards and committees, primarily covering XML standards and electronic signatures.

Toby currently serves as the Board Chair for SmartUtah (www.smartutah.org) and as the Treasurer for the Multicultural Legal Center Board. Formerly he served on the Legal Aid Society of Salt Lake Board (Past President) and on the Board of Trustees for the Firefighters Credit Union. Toby has served on a great variety of Bar related committees and task forces, including the Access to Justice, Futures and MDP Task Forces.

Previously, Toby worked as a law firm administrator for Snell & Wilmer and for Holme Roberts & Owen. Following this, he provided law management and technology consulting to lawyers and law firms. Toby has presented on a great variety of law management, technology and legal topics to lawyers, Bar associations, legal assistants, law students and legal personnel. As well, he has published numerous articles on law management and legal technology topics.

Toby received both his BS and MS in Economics from the University of Utah.
